Navigation

Hover on the bottom-left corner to see the navigation's controls panel

Keyboard Shortcuts

`space` / `tab` / `right`	next animation or slide
`left` / `shift` `space`	previous animation or slide
`up`	previous slide
`down`	next slide

storyblok

Code

Use code snippets and get the highlighting directly!

```ts
<script setup lang="ts">
const story = await useAsyncStoryblok(
  'home',
  { version: 'draft' },
)

</script>
<template>
  <StoryblokComponent v-if="story" :blok="story.c
</template>
```

storyblok

New Section

And it's gonna be awesome!

Consoles

Use code snippets and get the highlighting directly into a nice looking window!

```ts
// main.ts

import { defineNuxtConfig } from "nuxt";

export default defineNuxtConfig({
  modules: ["@storyblok/nuxt"],
  storyblok: {
    accessToken: "<your-access-token>"
  }
});
```
